Dear AFP Subscriber

You know that every week AFP reports NEWS that otherwise would be buried for weeks, years . . . even forever. For instance, no one in the world - except the conspirators themselves - would know of the secret Bilderberg meeting where the top leaders of the world get together to plan wars, make deals to enrich themselves by soaking the taxpayers, political skullduggery, etc. every year if it weren't for our staff.

1 ***THE NEW JERUSALEM: Zionist Power in America.*** Unlike anything ever published in the modern day, this explosive study combines in 184 pages, for the first time ever between two covers, all of the amazing facts and figures about the control of modern Zionism over America. Taken from an array of pro-Zionist sources themselves, they document the massive accumulation of wealth and power by those who have used that influence to direct the disastrous course of U.S. foreign and domestic policy today. While there are many historical books on “the Israeli lobby”

and about Zionist intrigues, etc, this is the only book that brings things up to date and constitutes a bold and thorough inquiry. Chapters include a list of prominent figures throughout history accused of “anti-Zionism” and “anti-Semitism,” a detailed dissection of the Bronfman family, the ex-bootleggers turned media barons, who are often called “the royal family of American Zionism,” an eye-opening summary, naming names, of some 200 little-known (but immensely wealthy) Zionist families in America; a fascinating inquiry in to the infamous Enron and INSLAW affairs, documenting the suppressed “Zionist connection” to both scandals, and an amazing look at the secret sources behind the fortune of celebrity billionaire Donald Trump. Readers call this book a “masterpiece,” and a “must read” for Americans honest enough to face facts about the real sources of high-level power in the United States. Retail price \$19.95.

2 ***JUST RELEASED! JIM TUCKER'S BILDERBERG DIARY.*** From 1975 to 1982, Jim Tucker supervised Bilderberg coverage by reporters in the field collecting reports on the world's shadow government. It was in 1983 that Tucker began personally covering Bilderberg—and he has done so for more than 22 years. And believe us, Tucker had a lot of great adventures covering those meetings. Over the course of those years, he also accumulated reams of information from multiple sources, much of which is included in *Bilderberg Diary*. But

Bilderberg Diary is more than just a collection of dry facts, dates and names. It's Jim's personal recollections from each meeting attended. That includes how he penetrated the meetings—from posing as Henry Kissinger at a meeting in Helsinki, Finland in 1994 to bribing barmaids and hotel staff to filch documents from participants' rooms—and more. Tucker even had his press credentials suspended one year by Sen. Charles Mathias of Maryland for swiping the senator's Bilderberg file folder. But even this high-level pressure didn't stop him from using every means neces-

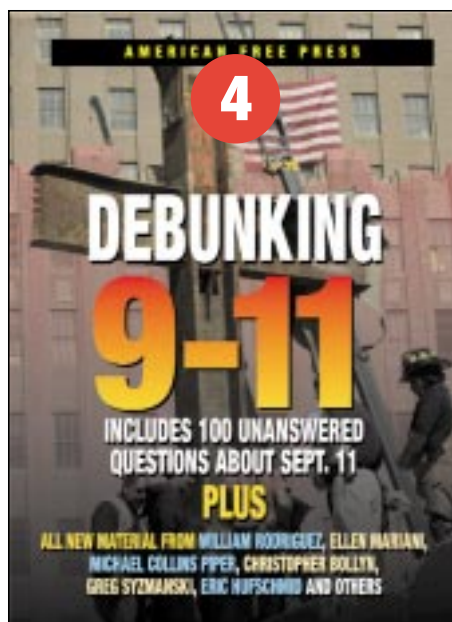

sary to get inside the secret meetings, sidestepping gun-toting security and hotel cops who had Tucker's picture well in advance of his arrival. This book is dedicated to readers of *American Free Press* and to former readers of *The Spotlight*—all of whom have been of incredible help in finding out just what the rich and powerful movers and shakers who attend Bilderberg have in store for us “pawns” every year. Softcover, 272 pages. Retail: \$25.

3 ***NEW! THE PASSION PLAY AT OBERAMMERGAU.*** Made available to AFP exclusively through our friends at the NATIONAL INSTITUTE FOR CHRISTIAN SOLIDARITY, this book is a one-of-a-kind not seen in print for more than 100 years. Reformatted and with an 11-page introduction by AFP's own Michael Collins Piper, *The Passion Play at Oberammergau* is the remarkable and historic presentation put on every 10 years since 1634 by the people of a small pastoral village in Bavaria. This famous Passion Play was a major inspiration for much of the work of Mel Gibson in his own film. Although powerful anti-Christian

forces demanded that this Passion Play be “edited” to delete certain scenes taken directly from the Bible that were perceived to be “offensive,” the residents of Oberammergau resisted until the year 2000. So much pressure was applied on the people of the town that the original text of the Passion Play was then substantially revised. But here’s The Passion Play at Oberammergau in its purest form, as it was written long before the enemies of Christianity began their efforts to re-write the life and death of Jesus. This is the UN-EXPURGATED translation—the real thing as it was performed in 1910. In short—The Passion of the Christ un-censored! Not just the script of a play, it’s like reading a novel—a descriptive and inspiring work that is committed to the accurate and forthright rendering of the story of the crucifixion of Jesus. You will be thrilled to have this genuine work as part of your personal library, a volume you’ll treasure and want to pass on to your kids and grandkids. Softcover, 202 pages. Retail price: \$25.

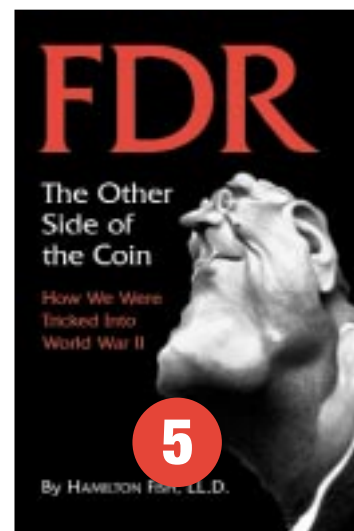

4 NEW! DEBUNKING 9-11. AFP has had so much success selling, marketing and distributing its newspaper-style report *50 Unanswered Questions About 9-11*, we’ve turned it into an expanded and updated magazine-style bound booklet—adding 50 more unanswered questions and 25 more articles. But even more exciting, Ellen Mariani, whose husband was killed in the crash at the Trade Center in 2001, and William Rodriguez, “the last man out” of the Twin Towers before they collapsed, have submitted their own brand-

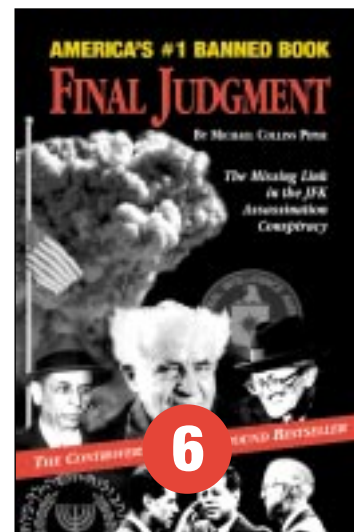

new commentaries to the publication. But that’s not all. We also have top AFP reporters Christopher Bollyn, Michael Collins Piper and Greg Syzmanski summing up their own groundbreaking work on 9-11, telling us where their research has led them. There’s also an article from Eric Hufschmid, author of *Painful Questions*, the report that spurred millionaire Jimmy Walter to run full page ads in dozens of newspapers around the country and hold a touring 9-11 symposium in six European countries this summer. We’ve also got a special commentary from Col. Donn de Grand Pré, author of *Barbarians at the Gate*. Expanded to 100 pages, with lots of new photos and articles, this bound report will fit nicely on your bookshelf for posterity, to show your friends and family and to introduce the kind of vital information found in AFP to others. Exclusive report never offered before anywhere. 100 pages. Retail for \$19.95.

5 FDR: THE OTHER SIDE OF THE COIN—How We Were Tricked Into World War II. By Hamilton Fish. The early chapters of *FDR: The Other Side of the Coin* deal with the president’s clandestine diplomatic negotiations in the dangerous months before American intervention in World War II: in the Danzig Crisis, with which

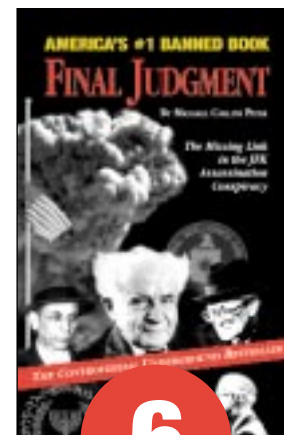

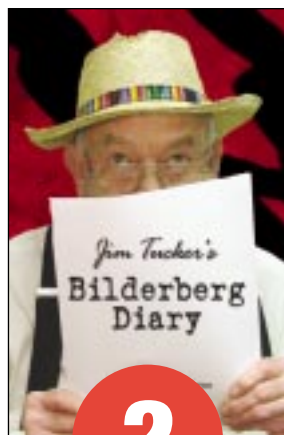

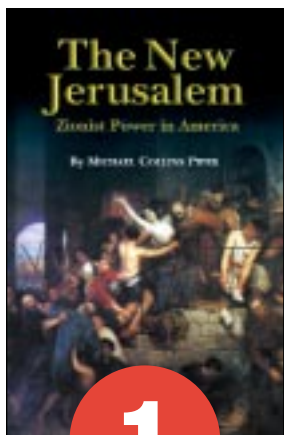

Mr. Fish was deeply involved; the war ultimatum to Japan, kept secret even from Congress; and the unpublicized communications with Ambassador Bullitt and British leaders. Mr. Fish felt that had FDR listened to public opinion, overwhelmingly against American intervention in every poll, many millions of lives would have been saved and Stalin’s Soviet Union would not have subjugated Eastern Europe for 50 brutal years. He documents how FDR refused every pre-war peace concession the Japanese offered, and later refused peace initiatives from the head of the German Secret Service—at a staggering cost in American lives and the lives of those in Nazi concentration camps. In his analysis of the geopolitical effects of the Yalta agreements, Mr. Fish traces the causes and roots of the Korean and Vietnamese wars back to the territorial concessions given the communists at Yalta. The reader will also note disturbing parallels between the political steps which led to our involvement in World War II and those that preceded the Vietnamese debacle. Above all, this provocative book is a plea for a return to the constitutional government envisioned by our Founding Fathers, with Congress having the sole right and power to declare war. Retail price \$18.

6 FINAL JUDGMENT: The Missing Link in the JFK Assassination Conspiracy. This massive 768-page volume is just now back from the printer in the second printing of its Sixth Edition, containing explosive new material. More than 45,000 copies of previous editions of this book are in circulation here and around the world, documenting—just as Israeli nuclear whistle-blower Mordechai Vanunu has said—that JFK’s obstinate efforts to prevent Israel from building nuclear weapons of mass destruction played a critical role in the conspiracy behind JFK’s assassination. On the strength of this amazing book, Piper has been invited all over the world to discuss his findings—everywhere from the Arab world to Moscow to Malaysia and Japan. Find out what the rest of the world knows about JFK’s assassination and what the Controlled Media want to keep under wraps in America. This is definitely the last word on the subject, endorsed by former high-ranking Pentagon and State Department officials and endless numbers of independent researchers who aren’t afraid to utter the dread word . . . Mossad. Softcover, 760 pages. Retail price \$25.
